BID #VPS-FY16-002**

QUESTIONS AND ANSWERS

Q: In regards to the above bid for online/blended learning solution, is it the district's intent to use your own teachers, or are you looking for certified teachers to be supplied as well? Your RFP states that you want videos of teachers as the primary instructional delivery model. Are you open to a multi-media approach that would use text, graphics, videos, simulations, and interactive media—all with self-pacing ability for the student? (Student can replay as needed, slow down, etc.)

A: It is the district's intent to use our own teachers. We are open to a multimedia approach throughout this learning for our adult learners.
