

FlexPOS-CNT-HSA-2000I/4000F-67-Combined Open Access Contract Year Benefit Summary (A)

Open Access High Deductible Health Plan (HDHP) for use with a Health Savings Account (HSA)

The sponsor of this group health insurance plan believes that this plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to some other plans, for example, the requirement for the provision of certain preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your employer's benefit administrator. If your plan is subject to ERISA, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

This is a brief summary of benefits. Refer to your ConnectiCare Insurance Company, Inc Certificate of Coverage for complete details on benefits, conditions, limitations and exclusions, or consult with your benefits manager. All benefits described below are per member per Contract year. A referral from your primary care provider is not required.

The Individual Deductible and Maximum Out-of-Pocket applies if you have coverage only for yourself and not for any dependents. The Family Deductible and Maximum Out-of-Pocket applies if you have coverage for yourself and one or more eligible dependents. In addition, if you have family coverage, any applicable copayment or coinsurance will not apply to services until the total deductible is met for the family, without regard to how much any one family member has met.

Personalized for: Vernon BOE - Library, Custodians, Maintenance and Secretaires

	IN-NETWORK MEMBER PAYS	OUT-OF-NETWORK MEMBER PAYS

PREVENTION AND WELLNESS

In-Network prevention and wellness services as defined by the United States Preventive Service Task Force (listed below) are exempt from all member cost share (deductible, copayment and coinsurance) under the Patient Protection and Affordable Care Act (PPACA). Services that are exempt from cost share must be identified by the specific codes. The codes your health care provider submits must match ConnectiCare's coding list to be exempt from all cost share. Please note that not all preventive services are listed below and that some diagnostic services provided in relation to preventive and wellness services require member cost share. Go to www.connecticare.com/preventive for more information on coverage of preventive care or services.

- Routine physical exam and appropriate screening and counseling for adults (including but not limited to cardiovascular disease, depression, obesity and sexually transmitted infections)
- Preventive care and screenings for infants, children and adolescents supported by the Health Resources and Services Administration (including but not limited to depression, obesity and sexually transmitted infections)
- Preventive care and screenings for women supported by the Health Resources and Services Administration:
 - At least one well-woman preventive care visit annually to obtain the recommended preventive services
 - Screening for diabetes during pregnancy, two per pregnancy
 - Human Papillomavirus (HPV) testing, age 30 or older, one per year
 - Counseling on sexually transmitted infections for all sexually active women, two per year
 - Counseling and screening for human immune-deficiency virus (HIV) for all sexually active women
 - Contraceptive methods approved by the Food and Drug Administration, sterilization procedures and contraceptive patient education and counseling
 - Comprehensive lactation support, counseling, a breast pump, (either manual or non-hospital grade electric), and breastfeeding supplies
 - Screening and counseling for interpersonal and domestic violence for all women and adolescents
- Bone density screenings, age 60 or older
- Screening for colorectal cancer using fecal occult blood testing, sigmoidoscopy, or colonoscopy, ages 50-75, one per year
- Routine mammography screening
- Immunizations recommended by the Advisory Committee on Immunization Practices of the CDC
- Outpatient laboratory services:
 - Cervical cancer and cervical dysplasia screening – pap smear
 - Lipid cholesterol screening for adults and children at risk
 - Fasting plasma glucose or hemoglobin A1c
 - Hematocrit and Hemoglobin for children up to age 21
 - Lead screening for children
 - Tuberculin testing for children
 - Chlamydia, syphilis and gonorrhea screening for females all ages
 - Human immunodeficiency virus screening – HIV testing
 - Hypothyroidism screening in newborns, under 3 months of age
 - Screening for phenylketonuria (PKU) in newborns, 3 months of age
 - Screening for sickle cell disease in newborns, 3 months of age
 - Hepatitis B screening for adolescents and adults at risk
 - Hepatitis C screening for adults at risk
 - Lung Cancer Screening for adults ages 55 - 80 who have smoked
- Routine vision screening up to age 21, one per year when services are rendered by a primary care provider
- Routine hearing screening up to age 21 when rendered by a primary care provider
- Dental caries prevention up to age 5 when rendered by a primary care provider
- Developmental, autism, and psychosocial/behavioral assessments when rendered by a primary care provider
- Dietary counseling for adults with cardiovascular disease, hyperlipidemia or obesity
- Alcohol misuse screening and counseling
- Tobacco cessation interventions
- Screening for hepatitis B, iron deficient anemia, Rh (D) blood typing and asymptomatic Bacteriuria in women who are pregnant
- Screening for abdominal aortic aneurysm in men age 65 - 75 who have ever smoked
- BRCA screening, genetic counseling and if indicated, genetic testing
- Physical therapy to prevent falls in adults age 65 and older

Important Information

- If you have questions regarding your plan, visit our website at www.connecticare.com or call us at (860) 674-5757 or 1-800-251-7722.
- Many services require that you obtain our pre-certification or pre-authorization prior to obtaining care prescribed or rendered by network providers or non-participating providers. A reduction will apply if you do not obtain pre-authorization for these specified services. Refer to your ConnectiCare Insurance Company, Inc. Certificate of Coverage for more information.
- For mental health, alcohol, and substance abuse services call 1-888-946-4658 to obtain pre-authorization.
- Out-of-Network cost shares are reimbursed at the maximum allowable amount. Members are responsible to pay any charges in excess of this amount. Please refer to your ConnectiCare Insurance Company, Inc. Certificate of Coverage for more information.
- If you are a Massachusetts resident, please refer to your *amendatory rider for Massachusetts mandated benefits* for additional details of your mandated benefits.
- If you are a Massachusetts resident, this plan along with pharmacy services meets Massachusetts Minimum Creditable Coverage standards for 2016.
- Your plan is Insured by ConnectiCare Insurance Company, Inc.

Tier 3 drugs (<i>Non-Preferred Brand Drugs</i>)	No Member cost after Plan Deductible	100%
Additional Information		
<ul style="list-style-type: none"> • Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drug's or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply. • Generic drugs can reduce your out-of-pocket prescription costs. Generics have the same active ingredients as brand name drugs, but usually cost much less. So, ask your doctor or pharmacist if a generic alternative is available for your prescription. Also, remember to use a participating pharmacy. Most pharmacies in the United States participate in our network. To find one, visit our Web site at www.connecticare.com or call our Member Services Department at 1-800-251-7722. • Amounts paid by members because they must pay a price difference for a brand name drug do not count towards meeting any deductible, coinsurance, copayment, or cost share maximum. • Certain prescription drugs and supplies require pre-authorization from us before they will be covered under the prescription drug rider. You should visit our Web site at www.connecticare.com or call our Member Services Department at 1-800-251-7722 to find out if a prescription drug or supply requires pre-authorization. • Most Specialty drugs are dispensed through Specialty Pharmacies by mail, up to 30 day supply. Specialty Pharmacies have the same Member Cost Share as all other participating pharmacies and <u>are not part</u> of ConnectiCare's Voluntary Mail Order program. The Member Cost Share for Specialty Pharmacy is <u>different</u> from the Cost Share for ConnectiCare's Mail Order program. • Always remember to carry your ConnectiCare ID Card. • If you are a Massachusetts resident, please refer to your amendatory rider for Massachusetts mandated benefits for additional details of your benefits.
